

QUICK GUIDE

BUDGET SETUP

CREATE A PROJECT

1. Select **All projects & organizations** from the main menu.

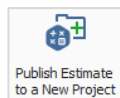

2. Click **+**, then fill out Project details.

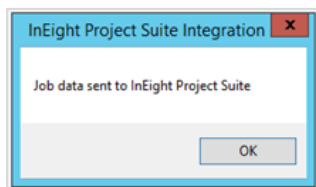

3. Click **Save and configure project settings** or **Save**.

PUBLISH ESTIMATE TO CONTROL

1. In Estimate, open the job you want to publish.
2. From the Integrations tab, select **Publish Estimate to a New Project**.

3. If successful, a dialog box indicates the data was sent.

4. Once processed, you'll receive an email from Cloud Platform.

IMPORT CBS FROM EXCEL

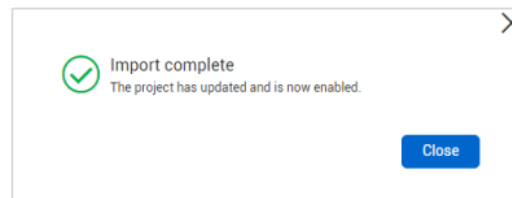

1. On the right toolbar select **Import**.

2. Select **Cost items** from the drop-down.
3. Browse to your Excel file and select **Open**.
4. Select **New items**, then click **Next**.
5. Map fields for CBS position, Description, WBS phase code, quantity, hours, cost and other columns as needed.

Allow as-built		Blank-do not import
CBS position	✓	CBS position

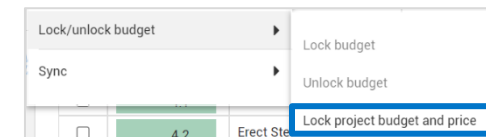

6. Click **Next**, then **Import Now**.
7. Once completed, an Import complete prompt appears.

ACTIVATE THE PROJECT

1. Under the Project's Details tab, change the project status to **Active**.

2. From the Actions menu, lock your budget.

3. Sync CBS and budget if integrating to an ERP.
