API Detail

Direction		From Project Suite
Pagination		50,000 Rows

Trigger Method(s)		All default OData filters are supported
Average Payload Size		Depends on date range selected
APIM Name		SelfService_Compliance_UserGroupAssignment
Replicate View		[SelfService].[vwComplianceUserGroupAssignment]
Data Refresh/Delta/Incremental Loads		The data in this API will refresh in twenty minutes or less from the time it is entered.
Project Suite	**Starting Version**	23.2
	Ending Version	N/A

Supported Filters

All default OData filters are supported by this API.
