QUICKGUIDE

EMBEDDING CONTENT & API DOCUMENTATION

InEight EXPLORE

EMBED EXTERNAL CONTENT

Used to expose dashboards you have on your Power BI service or Tableau server in InEight Explore.

1. Click the **Add External Content** </> icon.
2. Add a **Name** for the content and the **Source** link.
3. Click **Save**.
   - The resulting saved report appears alphabetically in your list of reports, along with the External Content identifier
   - External content can also be shared using the **Share** icon
   - Remove external content by clicking the **three-dot ellipsis** and then **Delete external content**

ACCESS API DOCUMENTATION

1. From the home landing page, click the **Main Menu** icon.
2. Click **Explore** > **API Documentation**.
3. To access a document, click on the **PDF link**.
