21.12.3 Release Notes

NOTE:

These release notes include notable fixes or updates in the stated products. If no notes are shown for a product, there are no notable changes for that product.

Change

- Changes to the notification option settings in the Project settings are now saving properly.
- The view sets for the Issue, PCO, and CCO logs are now working correctly.

Contract

- You can now add lines to existing payment forms.
- Tax is now calculated correctly on payment forms.
- The edit contract permission is now working consistently.
- The Contract Term tags list output now shows rich text, such as bulleted lists, correctly.
- Payment form associated documents that have been removed are no longer shown in the Supporting documents page Payment form column.
- The Supporting documents tab in Master agreements no longer disappears when you click on the Line items tab.
- The document approval workflow is now working correctly.
- The Contract template output now shows rich text, such as Warranty, correctly.
- The grid on the Payment forms Line items tab is now locked with a progress bar while network requests are pending, and the progress bar is cleared when all network requests are completed.
- The Paid amount on submitted invoices is now calculated correctly.
- Workflow responses are now sent correctly to Project Suite for storage.

Control

- The issue with a data block in Workspaces showing incorrect month end dates, causing actuals to post incorrectly, is now fixed.

Progress

- Approved daily plans can now be consistently found in Time center.
- In daily plan, users' preferred date format is now shown.
- In daily plan, hours are now shown in the dialog box for the selected resource.
- Daily plans now successfully sync to ERP.

Report

- The User Email by Product or Role report now includes all products in the parameter drop-down box.
- In the Buyout Log report, MPA associated values are correctly calculated for the Remaining to buy value.
- In the Daily Plan Timesheet report, equipment rows show the expected hours.
