21.3.4 Release Notes

NOTE:

Included are notable fixes or updates in stated products. If no notes are displayed for a product, this means that there are no notable changes.

Contract

- The contract info panel wasn't loading correctly when no contract currency was selected. The alignment issue has been fixed.
- When creating a new project, the notification-related project settings were not copied to the new project.
- In the Contract Line Item configuration, disabled fields remained editable in the Line Item Details.

Report

- In certain instances, client reports from Progress were not sending to all email addresses.
