21.5.4 Release Notes

NOTE:

Included are notable fixes or updates in stated products. If no notes are displayed for a product, this means that there are no notable changes.

Control

- Projects with an editable WBS phase code field (as set in settings) were not able to have a slash character accepted in the WBS phase code.

Report

- The Time and Extra Pay report was failing to complete.
- The Date field in the Time and Extra Pay report was showing an error for the approved date.
- The Employees Onsite with Hours report has been added. This new report uses the sign-in and sign-out functionality from Plan and Progress to show the employees that were onsite and have hours charged to a Daily Plan.
