## MANAGE CONTRIBUTORS

1. On the project level menu select **⚙ Schedule Configuration** and click the **Contributors tab**. Both external and internal users can be added by clicking the **plus icon** ⊕ to the project. To have existing users access, removed or altered, click the **⋯** under **Actions** section.

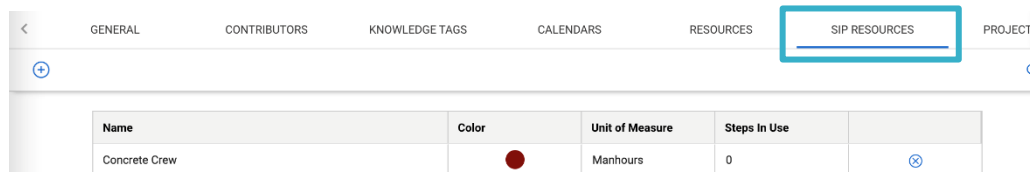

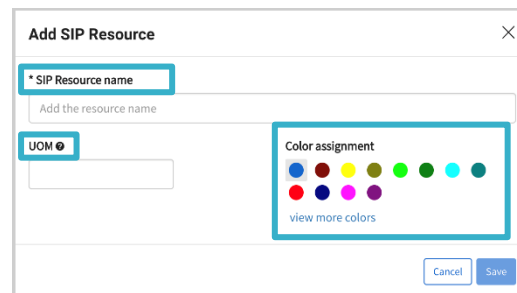

ADD SIP RESOURCES

After assigning new contributors to a project:

1. Select the **SIP Resources** tab above.
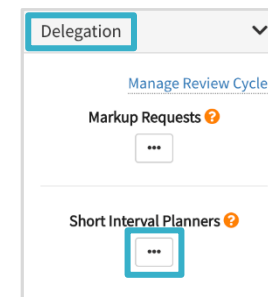

2. Click **Add New SIP Resources** then define SIP Resource Name, **Unit of Measure (UOM),** and assign a **color**.

ASSIGN SHORT INTERVAL PLANNING

1. Navigate to the **Plan** view from the navigation drop-down menu.

2. Click on the **Delegation tab** in IRIS 🧠 and click **⋯**.

3. A dialog box appears where you can select one or more **Project Contributors** to add to this project, then click **Save**.
